EXCLUSIVE LINE EL-4

wilson

GREAT LOOKING SOLUTION IN SMALLER CABINET

Exclusive Line EL-4 are a sleek, modern loudspeakers. They can be the centerpiece of any elegant living room or designated listening space, thanks to its luxurious piano finish and classy looking cabinets. We also took great care to ensure that the quality of the varnish coating was made to the highest standards.

HIGH QUALITY RIGID CABINETS

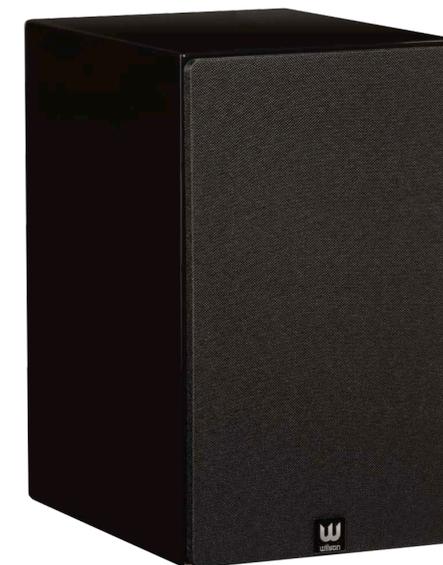

Rigid enclosures of these speakers are characterized by low resonance. The quality of their workmanship, exterior finish is at the highest level. The manufacturer has also gone to great lengths to ensure that the quality of the paint has been maintained to the highest standards.

SMART, MAGNETIC GRILL MOUNTING

Both finish versions, White High Gloss and Black High Gloss sport same black color, acoustically transparent grilles. However, if you decide that gray grilles are more appropriate for your listening room, you can get a pair of these offered as an accessory. The grilles are magnetically attached, so we eliminated the visible mounting pins, resulting in a beautiful, unobstructed view of the beautiful front.

GREAT SOUND FROM WHATEVER SOURCE

Working with a good amplifier and virtually any source, these speakers can deliver sound quality at the level of high-end speakers. Offering excellent value for money, they seem to be an offer for a wide range of lovers of good audio.

PROVEN DRIVER SOLUTIONS

Carefully designed, extremely rigid membranes of low-midrange drivers in combination with tweeters processing the highest frequencies provide excellent coherence of sound. The cooperation between the drivers and their matching is excellent. This is evidenced by the sound, which consists of real deep and powerful bass.

CROSSOVER

The crossover controlling the drivers was designed especially for this build and is specifically geared for exceptional sound cohesion.

EXCELLENT ACOUSTIC QUALITIES

This line, as all Wilson loudspeakers, have been engineered to reproduce music that sounds real and authentic. A large, adequately deep sound-stage does not seem to be confined by the walls of the room. The precise placement of extraneous sound sources and the precise stereophony and lack of distortion add to the pleasure of every listening experience.

MUSIC WITHOUT COMPROMISE

Offering excellent value for money, they seem to be an offer for a wide range of lovers of good audio.

Demanding users who appreciate advanced technical and unique design solutions used in more expensive speakers, for much lower price.
